ABOUT ME

I am an aspiring Front-end Web Developer hyper-focus ability to spend hours coding different types of web projects or doing free courses online to improve on my skills. Because of my child-like curiosity and obsession with computers, my hobbies involve making music, designing posters and drawing.

Childline South Africa (Non-Profit Organisation)

| 2014

PEER SUPPORTER

Being part of the Childline South Africa organisation allowed me to improve on certain skills and also acquire some I didn't have.

These skills were:

- Active Listening
- Body Language
- Conflict Management
- Empowerment skills
- Negotiation
